| D. BACKGROUND AND EXPERIENCE | |
| <p>Please briefly present the partner organisation.</p> | <p>Habitat Landscape & Botany Ltd Co established in 2005 in Samsun, specializes in environmental landscaping, green area maintenance, and contracting services. The company initiated its activities by planting the first seedlings on a 90-hectare land in Çarşamba - Sahil village in 2006, focusing on Tree Seedling and Ornamental Plant production. With a primary clientele in Public Institutions and Regional Municipalities, the company provides versatile services in sales, implementation, and maintenance. In 2016, a retail point was established on a 100-hectare area along the Samsun Ordu Highway, offering wholesale and retail sales of various outdoor ornamental plants and materials. In terms of tree production, Habitat Botanik ve Peyzaj has expanded its production area to 300 hectares as of 2017, enhancing product diversity and quality in line with the unique climate and soil characteristics of the region. The company is committed to maintaining "Good Quality Product Variety" at world standards. The company's fields encompass the production of leafy seedlings, ornamental shrubs,</p> |

|---|---|
| | conifers, fruit seedlings, potted plant production, and the collective production and display of numerous perennial plants. The company employs a total of 20 personnel, including four Agricultural Engineers actively involved in production. |
| What are the activities and experience of the organisation in the areas relevant for this application? | Habitat Landscape & Botany specializes in the production and display of various agricultural and ornamental plants on its extensive fields. The company, led by its owner Ruhan Üney, who holds a degree from the Faculty of Agriculture, actively engages in professional tree production, exhibition, and sales for the past 20 years. The organization has not participated in any Erasmus projects to date but has actively contributed to several social responsibility projects. Particularly, the company has been involved in educational initiatives for children, teaching them about plant production, and actively participating in nature and environmental conservation efforts. They have organized social responsibility projects for primary school students, focusing on afforestation and tree planting. |
| Would you like to make any comments or add any information to the summary of your organisation's past participation? | While Habitat Landscape & Botany has not participated in Erasmus projects previously, the organization brings a wealth of experience in practical plant production and a strong commitment to social responsibility projects, aligning with the goals of the current project. The owner, Ruhan Üney, with his agricultural expertise and extensive experience, will play a pivotal role in the field applications of the project, making the entire range of the company's plant production areas available for the project's use. |
